GOVERNOR'S REPORT

Greetings to all Tribal members,

I want to take this opportunity to give a hearty welcome to the newly elected Executive Committee members Isaac Gibson, Kathy Deere, and Jeff Gibson to their leadership positions for our Tribe. I really appreciate the new ideas this group has brought to our meetings sense my main interest is moving the Tribe forward economically and culturally and providing more and better services to you, the Tribal members. All three are presenting some very good ideas in these areas, and I look forward to a very productive year for the Tribe.

During the May disaster the employees of this Tribe really went above and beyond to assist our Tribal members in the clean up and providing meals to those in need of help. Their extraordinary efforts were mirrored by several Tribal members who volunteered countless hours to the operation and made it all possible. Thanks to you all.

At the present time, we are awaiting the decision of officials in Washington D.C. regarding the probate hearings involving the CPN's. As soon as a decision is heard, we will meet with everyone to notify you of the decision.

There is an attempt to form a Committee in the Johnson Community to get development of the area started. A feasibility study would be required before

the commitment of Tribal dollars to any area. If there is a need for a convenience store in the area we will certainly be the first to try and find a vendor, or develop a Tribal store.

In closing, some of our relatives are not feeling as well as they should. My thoughts and prayers will be with them every day at all times.

Thank you,

George Blanchard,
Governor

Lt. GOVERNOR'S REPORT

I would like to thank everyone that supported the new administration in the recent election. As I have only been on duty for a month, this report will be limited. We have had several meetings with Donnie Smith, Fiduciary Trust Officer, Southern Plains Region. When I came on board I found out immediately that the Master Decision Maker for Indian Probates has made nine (9) recommendations to date, that Native American's owning less than 5% interest in AST trust land that pass away without a will, be ceded back to the Citizen Potawatomi. We are corresponding with the Office of Special Trustee, former Lieutenant Governor Little Axe and Governor Blanchard made a trip to Washington,

D.C. to speak with Assistant Secretary of Indian Affairs, Larry Echo Hawk in trying to stop this. The Executive Committee are all united in this effort. There will be meetings held with information regarding what you can do as individual tribal members to stop OUR land from going to the Potawatomi. Please watch the tribal newsletter for meeting dates and information.

We are also working on putting together a current transportation improvement plan. Under the organizational chart that was adopted when I took office, I have over sight of the self governance compacts (BIA and IHS). If you have questions regarding these programs or any other tribally related issues, please let me know. I will try to assist in anyway I can.

I am looking forward to the upcoming two years. We have some challenges on our hands and I plan to meet them head on. Once again, thank you for your support and I look forward to working for you as Lieutenant Governor.

Respectfully

/s/

Isaac Gibson, Jr.
Lieutenant Governor

SECRETARY'S REPORT

Hello Tribal members.

Well it's been a slow couple of weeks around here with the new officials getting to know their programs, coworkers and settling in their offices of choice. Hopefully we will get on track and move onward. I look forward to work with the new officials and hope we can move this tribe into the next generation of Economic Development.

I would like to update everyone on the lowering of the Blood quantum. We the EC passed the resolution on March 17, 2010 to lower the blood quantum to one eighth, and then I proceeded to calling the BIA on what the next step would be for the referendum election and finally received a call back on July 1, 2010 on how to proceed. I was to send a copy of resolution and a letter of intent to the Regional Director Mr. Deerinwater at the Anadarko office and that he would delegate it out to one of the Directors. Well as of July 13, 2010 we are still waiting on this to happen and for them to get back in touch with my office. I have left numerous voice messages to no prevail. So as soon as I hear something I will update you on the progress.

I am currently a volunteer in the AARP program and would like to update the members of our tribe about some of the Legislative Priorities that have been currently passed.

HB 2776 Effective November 1, 2010:

Lists information that is in the public's best interest to know when the caretaker of a vulnerable adult has been charged with causing death or near death, including circumstances of the investigation. HB 2733 was vetoed by Governor and the language was added in **HB 1964**, which was approved, and it went into effect on July 1, 2010. This language makes it easier for relatives to petition and acquire guardianship for minors and establishes a judicial procedure for custody by a relative after a parent has abandoned the child.

SB 1289 Effective November 1, 2010:

Amends current law to provide that any person who has pled guilty or no contest to, or received a deferred sentence, for a variety of offenses cannot be hired as a nurse aide by a long-term care facility or home health/home care agency.

These are just a few of the Bills that will go in effect this year and there is many more to come for Senior Nutrition Program Funding, Grand parenting and Long-term Care. Will keep you updated. There are a couple of other ideas that the state has to raise revenue by \$180 million and they include: expanding the state's vehicle insurance verification program by using cameras mounted on state highways to record and ticket motorists driving without insurance; develop a procedure to collect sales tax on internet and catalog sales not currently being collected; a new 1 percent fee insurance companies will pay on health care claims, which is expected to generate \$78 million and should be matched 3-1 with federal funds to be used to stabilize the state's Medicaid program. So keep an eye out

Well I hope to have more to talk about on the Tribal side of news in next month's issue.

Thank you Secretary Lopez

TREASURER'S REPORT

Greetings Tribal Members,

First of all, I want to thank you all for your vote of confidence in electing me as your Tribal Treasurer! Appreciate the calls, emails, and support you have all shown me! NIAWA, Elders for their delicious meal they prepared for the "Swearing-In Ceremony".

Secondly, I extend my congratulations to the other newly elected officials, Isaac Gibson, Jr., Lt. Governor and Jeff Gibson, Representative. All of us are committed to work together for the development and enhancement of our tribal programs and services for

Absentee Shawnee Tribal Members. Our commitment is to work towards making our Tribe known as a trendsetter once again!

Thirdly, I'm giving you an update of my first couple of weeks in the office of Treasurer. I'm finishing up my last few weeks at my current job, so I have been part time here at the Tribal complex and part time at my other job. Moved into Governor's Bldg on the east end; we have had a special meeting on two resolutions, (See Resolutions Passed); a get acquainted meeting with the Finance Department; Employees Committee's Recognition lunch; Pictures taken for complex, newsletter, and website; All Nations Bank; Shareholders' Representative Quarterly with Li Si Nwi Health, Inc and the Absentee Shawnee Tribal Health Authority, Inc; Luncheon meeting with Attorney General Office Staff; Office of Special Trustee concerning probate court cases; and numerous informal meetings between staff and EC members.

Lastly, Financial Audit for 2009 is ready and if you want a copy, please give me a call. As of December 31, 2009, net assets for the governmental activities and business-type activities increased **\$781,164**. Tribe, as a whole, improved its financial condition from the prior year. The finance department deserves a big "Thank You" from us all in their commitment and diligent manner they have shown in making sure our processes for tracking and transacting purposes are kept up to date. Keep up the excellent work! It takes all of us working together to make sure we get our documentation submitted to finance in a timely manner to get things done! My office is open door policy, so drop by and say hello or call me at 275-4030 Ext. 118 and email is kdeere@astribe.com. Thanks and Blessings to all.

Treasurer Deere

FINANCE DEPARTMENT

FINANCE DEPARTMENT AUGUST 2010

The Finance office continues in keeping the day to day activities flowing efficiently and effectively through communication between the Finance office and Programs. In working together, we have found the most time effective and cost effective processes for transacting business. Thanks to the Executive Committee and all the programs for their support and understanding in the Finance Department's continued efforts to stay caught up.

Our 2009 Audit is complete which includes the MD&A (Management Discussion and Analysis) and has been submitted to the Federal reporting offices. The MD&A report is an informative report within the 2009 Audit; which is a brief review and explanation of the Audit. Accounting continues to stay caught up and Financials are being completed Quarterly and being reported to the Department of Interior – June 30, 2010 2nd Quarter 2010 reports will be submitted as soon as the June books are closed and by July 31, 2010 at the latest.

The Indirect Cost Proposal for 2011 is in final stages with a final review and completion of an audited trial balance to accompany the proposal. It is imperative the accounting / bookkeeping be caught up and continues to stay caught up so that audits go smoothly so that Indirect Cost rates will stay up to date as well. Audits affect the ability to submit indirect cost proposals which affects grants. The Indirect Cost proposal target date is due June 30, 2010 and we should be able to submit the completed proposal by July 17, 2010.

The Bond Financing closed May 27, 2010 so the funding for the new health clinic is complete. With this completion there is a need for the accounting for the Li Si Wi Nwi, Health Clinic (formerly

the Little Axe Clinic) to have its own financial reports. The Finance department is working diligently to make that necessary change and rolling into August, we continue to work on this new set of books.

The Absentee Shawnee Tribe's Finance Department has a very hard working group of people and it is an honor to work with them and at the Absentee Shawnee Tribe. We are all very excited to welcome the Tribe's new Treasurer, Kathy Deere to the Executive Committee and we are very anxious to work with Ms. Deere as we believe she brings strong values and governmental knowledge to the Tribe. The Finance department welcomes the Tribe's new Lt. Governor Isaac Gibson and Representative Jeff Gibson as well. Welcome to the Tribe, Treasurer Kathy Deere, Lt. Governor Isaac Gibson, and Representative Jeff Gibson.

This department, as always, would like to extend a special thanks and note of appreciation to the Executive Committee for providing the tools, resources and support to enable the finance staff to reach the accomplished goals and to continue with this effort. A special thanks and note of appreciation to Program Managers and Employees of the Tribe for their assistance and dedication in our group effort toward accomplishing our goal. Now that we are caught up, we are dedicated to continue our efforts in this direction.

If you have any questions or needs, please call 405-275-4030 ext 162 and I will be glad to assist you in any way I can.

Thank you,
Belinda Collins, Controller

NOTE:

REPRESENTATIVE'S REPORT

Tribal Members

I hope everyone is inside and out of the hot weather. If you are working in the heat make sure you are drinking plenty of liquids. I want to thank everyone that supported me in this past Election. It has been nothing but pure joy being able to work beside the other Executive Committee members and I know it's too early to say, but I'm very optimistic that we will move this Tribe in a different direction. So far, I have had some real good meetings with the directors that are over the programs under me. I intend on meeting with everyone on campus, because I believe that it just doesn't take 1 or 5 people to make the tribe successful it takes all the employees! Next month I will have more time to update you on all the events that are happening within the tribe. I would like to thank the Employee Committee for welcoming in the newly elected Executive Committee Members with a meet and greet luncheon, that was served at lunch time and the turnout for the event was very encouraging and promising. So once again NE-YI-WA! For your support. I look forward to what the future brings to the Absentee Shawnee Tribe!

AST EMPLOYEE PICNIC

The Employee Committee would like to say Thank you to those employees that brought food to the employee picnic. Thank you to the Executive committee for their donations for the picnic. Thank you to the Diabetes department for taking over the responsibility of the games we had at the picnic. Thank you to the Maintenance and OEP departments for all their help. Thank you to Title 6 for all that you did and for the donations. Thank you to Building Blocks for your help. A special Thank you to Darrell Larney, Andy Warrior, and Sharon Ponkilla. Everyone that had a hand in helping us get the picnic together we Thank you. If we have left anyone off I apologize. We couldn't have done this without every employee. We wanted to show you how much you are appreciated and we hope that everyone had a GREAT time at the picnic.

Thank you employees:

The Employee Committee
Randy, Mary, Glendine, and Debra

I would like to thank all the employees of the Absentee Shawnee Tribe for their assistance with the annual employee picnic. When we all come together as one, we can make good things happen for one another! I encourage everyone to participate in all the activities the employee committee plans. Keep up the good work! And we will see what else we can come together and do. Sincerely, Mary Ponkilla

Many employees gathered by Shawnee Lake in good spirits of enjoyment and gratitude. We gathered in a way of fellowship with one another with a dinner and games. The "Employee Picnic" was put on in appreciation for the all the employees who selflessly give to the Tribe. Absentee Shawnee Tribal programs are challenged with opportunities for enhancing tribal members. Many of the employees take on a great task of seeing goals are achieved and what as a tribe can take on new accomplishments. There is great deal of responsibility and tasks must be performed in a timely manner. Sometimes each position may consist of helping another co-worked to reach the department objectives. These efforts are appreciated and would like to expressed in a dinner we call "Employee Picnic"! Randy

The annual employee picnic was a blast, many comments that were heard, was the how much fun everyone had and the food was great! The heat and humidity was high on that day but it still seemed to be a wonderful and joyous time for all the employees to get together at one time. Hopefully this event continues yearly. The heat is a part of summertime and it will just have to be overlooked! Glendine

2010 Red Earth Run

On June 19th, the Healthy Heart program attended the 2010 Red Earth Festival Run. Healthy Heart individuals participated in the Red Earth 2K walk and one Healthy Heart individual participated in the 5K run. Over 20 individuals participated in the event.

The Healthy Heart program attends various statewide walking events to promote healthy lifestyle activities among program participants. Research has shown it is possible to reduce the risk of developing cardiovascular disease and diabetes maintaining a healthy diet and physical activity. During these events Healthy Heart participants enjoy a fun day of physical activities and camaraderie with each other.

We are currently recruiting individuals for the Healthy Heart Program. If you are interested in becoming a member and would like information regarding the Healthy Heart Program, please contact Buster Bread at the Little Axe (405) 364-7298 or Chrissy Wiens at Shawnee (405) 878-4702.

The Healthy Heart program's goal is to reduce to the risk of cardiovascular disease in American Indians with Type 2 diabetes. We are looking for people who are:

- Over the age of 18
- Diagnosed with type 2 diabetes
- American Indian

MERRY CHRISTMAS!!!

LESSONS WE NEED TO REMEMBER

Each day I see things that we all know needs to be fixed. A lot of broken information that led us into our tribal life. Some of the additions that I learned during my years of working with many different people and cultures in their daily routines. Our lessons of long ago were very meaningful to our daily lives and structure for u. I know that the Absentee Shawnee people have every right to be as strong and proud of our accomplishments. The "OLD PEOPLE" showed us how we do things in life and what we need to do to keep our heritage growing.

From the beginning of our childhood the lessons were many and we need to continue to teach our young of today the same principles about life. Each time we lose some meaning of our tribal ways, life, lore, culture and songs, we fall into the category of letting them become extinct. None of us should ever let this happen. This has happened before in our education and living away at the boarding schools. We were not allowed to speak our language, think the Great Maker our way, or practice our life from our home and families.

From the time of our first light in the world we have been taught to respect, not only our parents but our way of life. There are far too many of our young people that seem to have lost the respect of being proud of their heritage. I know that if I talked back to my parents or any Elder, I would have to learn to sit in a different way. For years we as Elders have been role models for the young people and not just to our family. In today's world we let the kids run loose at the dance grounds and be destructive, or not respect the sacredness of the meaning of the dance ground or where we are having the dance. The money it cost to fix the problem is money that could have been used to help our tribe

in another way. We have all seen the incidents that are cute but when they become an eye sore for us, we need to eliminate the actions. All parents and grandparents are very proud of their children and grandparents and they should. But who takes the blame when they do something that stand out against the way we are raised? I guess over the years we are all somewhat to blame but we need to take time to get these corrected. Our old prayer translated by Thomas Wildcat Alford in his book reminds us to pray to the Great Maker for our life and for our enemies as well. They fight for what they believe is right and we do also. But we still pray for them even when doing battle with the enemy for the Great Maker put the people here and made the needs of necessity from Nature for our use and good will. There are lessons about every part of our life and our position in the tribe. Some as leaders and we can't all be the leaders but we still set examples of what is right and wrong. The eyes of the young people are very sharp and they learn their life styles from the ole models they admire.

The dance arena is not a playground and the ceremony has a special meaning for all. I am not saying that we need to be strict as the Army but our conversations with the little people needs to have a lesson and a reason for the information to be remember. For every ten young well mannered children I see it only takes one to destroy the image and good thoughts of a social outing. In my eyes this doesn't say much for my friends, relatives, and people in general if the conduct of the children isn't acceptable. Look around you at any of our functions, dances, or meetings and you will witness what I am writing about. There are many things and ways we can teach the children. I appreciate everyone that has contributed to the wealth of knowledge to teach our tribal ways. I remember once when the drum started a "Flag Song" and two young boys stopped playing football while the singer sang this respectful song. He commented how well it did his heart at the display of respect. This kind of example goes a long way.

Let's be better role models and teach our young to be proud and helpful to the image of the Absentee Shawnee Tribe of Oklahoma. I am sure this information can fit several instances.

There are but a few American Indian figures who continue to garner the historical spotlight—nationally or internationally — as often as Tecumseh. Historical descriptions of Tecumseh, whether they be by friend or foe, tend to describe him as a man of exceptional character, energy and determination. While many of his Shawnee brethren, with the exclusion of several groups of Shawnee in Ohio, were settled west of the Mississippi River, he and his brother, Tenskwatawa, the Prophet, along with their cohorts from a number of tribes, headquartered their inter-tribal confederacy in a settlement known as Prophetstown in north central Indiana. This confederacy was formed and led by Tecumseh to resist further American expansion on Indian lands.

During the War of 1812 Tecumseh's confederacy allied with the British and helped British forces tip the scales in their favor in battles waged against the Americans. Presently, plans are being made by a number of organizations to observe the upcoming 200th anniversary of the War of 1812 and events are also being planned to commemorate Tecumseh's role during this period. Myself, Michael Mann and Eastern Shawnee Rep, Robin Dushane had the opportunity to participate in the first of these commemorative events thru the symposium, "The Gathering of the Storm: The Rise of the Tecumseh" in Vincennes, Indiana.

This initial symposium was held in Vincennes because before the breakout of the War, Tecumseh came to meet with Indiana Territory Governor, William Henry Harrison at his residence in Vincennes on two occasions, once in 1810 and again in 1811. Harrison called for these meetings because he was concerned about reports he was receiving of the increasing numbers of Indians settling in Prophetstown and the effects of these numbers on Euro-American settlements.

Below is an excerpt of one of several American interpretations of Tecumseh's speech spoken in Shawnee to Harrison in 1811:

"Brother: I wish you to listen to me well. As I think you do not clearly understand what I before said to you, I will explain it again. Brother, since the peace war made, you have killed some of the Shawnees, Winnebagoes, Delawares, and Miamis, and you have taken our land from us, and I do not see how we can remain at peace if you continue to do so. You try to force the red people to do some injury. It is you that are pushing them on to do mischief. You endeavor to make distinctions. You wish to prevent the Indians doing as we wish them—to unite, and let them consider their lands as the common property of the whole; you take tribes aside and advise them not to come into this measure; and until our design is accomplished we do not wish to accept of your invitation to go and see the President. The reason I tell you this, you want, by your distinctions of Indian tribes in allotting to each a particular tract of land, to make them to war with each other. You never see an Indian come and endeavor to make the white people do so. You are continually driving the red people; when, at last, you will drive them into the Great Lake, where they can't either stand or walk."

A Speech by Tecumseh (Source: Edward Eggleston and L. E. Seelye, Tecumseh and the Shawnee Prophet, Dodd, Mead and Co., N.Y., 1878, pp. 182—86).

Following this 1811 visit to Vincennes, Tecumseh then journeyed south to encourage the southern tribes to join his movement. After his departure, Harrison's impression of Tecumseh is captured in this report:

"The implicit obedience and respect which the followers of Tecumseh pay to him, is really astonishing, and more than any other circumstances bespeaks him one of those uncommon geniuses which spring up occasionally to produce revolutions, and overturn the established order of things. If it were not for the vicinity of the United States, he would perhaps, be the founder of an empire that would rival in glory Mexico or Peru. No difficulties deter him. For four years he has been in constant motion. You see him today on the Wabash and in a short time hear of him on the shores of Lake Erie or Michigan, or on the banks of the Mississippi; and wherever he goes he makes an impression favorable to his purposes."

Though Tecumseh's life ended at the Battle of Thames in 1813 and with it his plans for an inter-tribal confederacy, his efforts are remembered and his bloodline continues through a number of descendants among the Absentee Shawnee today.

If you would like to learn more about the Indiana perspective of Tecumseh and the War of 1812 please check out: www.thefirstvolley.com

The grove where Tecumseh and Harrison met was in front of Harrison's residence. The original grove has been destroyed by a railroad track and a parking lot for visitors to Harrison's residence.

News from the Elders Corner, July 2010

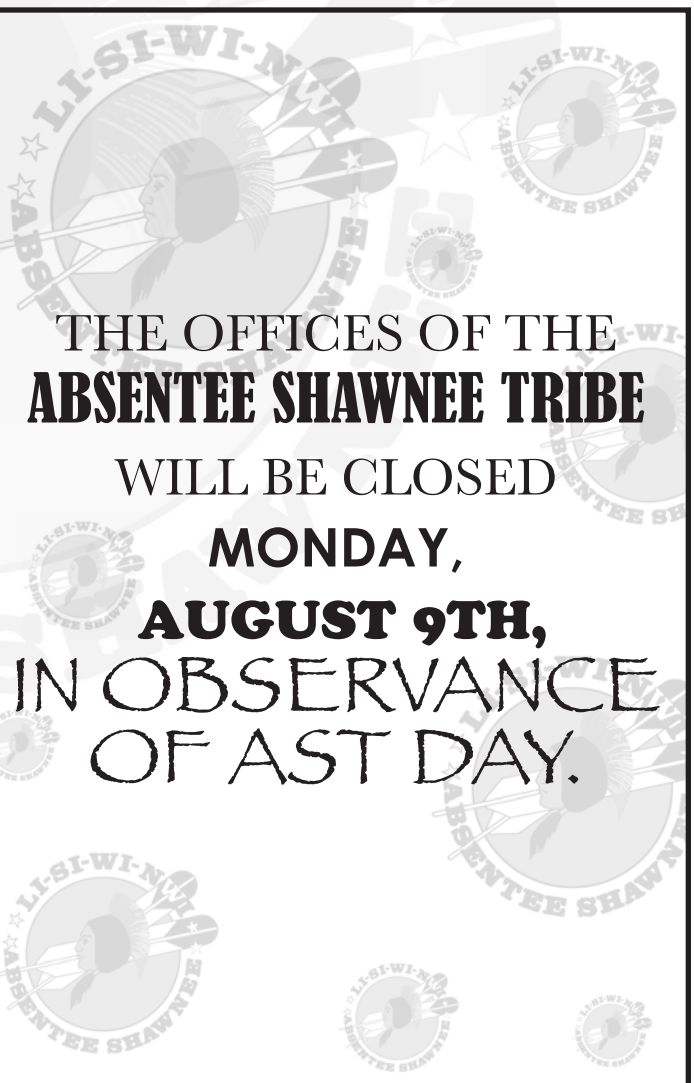

By: Cynthia Longhorn, Secretary

Our recent hot weather did not deter our Elders from having their regular monthly meeting, Saturday, July 17, 2010 at the Resource Center in Little Axe. A quorum was established with twenty-five (25) tribal members present and thirteen (13) guests present. Elders Council officers were present, that included Gene Parker, President; Mary Birdtail, Vice-President, Kathy Deere, Treasurer and Cynthia Longhorn, Secretary. The meeting was called to order at 10:15 and the invocation given by Don Schulenberg, husband of tribal member, Esteline Schulenberg. Celebrating birthdays for the month of July were Esteline Schulenberg, Mary Birdtail and Ed Little. Announcements were heard that included news of Gerry Roller having a recent procedure that will require several months recuperation. Gerry and Lee Roller's daughter is recovering from a recent health crisis, also. A item brought before the Council by President Parker was the subject of children at the meeting. It was pointed out the past discussions had indicated that only Elders and their legal spouses should be in attendance at these meetings. Next, Dora Citty stated that she would be making and donating a dress for raffle that would be available in August.

Cynthia Longhorn explained to the Council that due to a malfunction of the copy machine, page tow of the June 26, 2010 minutes was inadvertently left out and was not available for review on this date. A motion to table the Minutes until next months meeting (August) was made by Serena Daugherty and seconded by Emily Longman. The motion carried. Treasurer Kathy Deere presented the financial report of June 2010 with copies available for those in attendance. The AST balance was given to be \$9,944.09 and the Elders Council was listed as being \$3,605.64. A motion to accept the report as given was made by David Little, Jr. and seconded by Serena Daugherty.

Special guest speaker was Mr. Donnie Smith, Fudiciary Trust Officer of the Office of the Special Trustee of the Southern Plains Region Office, Anadarko. He addressed tribal members regarding the American Indian Probate Reform Act of 2004. Mr. Smith provided some very important but little known facts about this Act and encouraged AST members to request and attend Will preparation workshops and learn how and why some arcels of AST land are being allowed to be given to the Citizen Potawatomi Nation. Man questions about different situations were heard and Mr. Smith patiently answered all, as time would permit.

Kathy Deere informed those present of the previous month's requested information about a vendor and price for embroidering the AST logo onto shawls for members of the Elders Council and passed around a list for those who were wanting to take advantage of this service. Ed Little asked about the possibility of acquiring a PA system for use during our Council meetings. Woody Wilson inquired of the facilities of the Expo Center in Shawnee, site of the November Pow Wow. The next regular meeting is set for Saturday, August 21, 2010 at the Title VI Building in Shawnee when a Bingo and Cake walk will be held at the meeting. A motion to adjourn was made by Sadie Low and seconded by Trudy Pickering. The meeting adjourned at 11:30 a.m. Following that, door prizes were awarded and a pot luck dinner was shared by all and then the scheduled fund raiser Cake/Pie auction was held as well as a 50/50 raffle. For information on anything in this report, contact Cynthia Longhorn at (405)273-4137.

Camp Nikoti

Camp Nikoti—Summer Youth Leadership Camp 2010, The Outback...Exploring Excellence has come to an end. 26 youth participated in activities to strengthen their leadership and teamwork skills, physical endurance, and cultural identity. We had many guest speakers throughout camp. Our speakers brought important information to the campers and were excellent mentors. Everyday was filled with games, learning sessions, guest speakers, crafts, or field trips. Thank you to everyone who helped us with camp!

Building Blocks C.D.C.

Greetings to all,

Building Blocks staff and children are excited to announce our third month in the new child

care center. It has been a fantastic and exciting experience as we are settling in here. With a lot of new technology, learning tools and a wonderful staff the children are learning so much and having a lot of opportunities to “learn as they play”. The children especially enjoy their large playgrounds and the indoor play area. On Friday’s this summer the children are enjoying water days outside. Each afternoon they also look forward to wonderful activities in the indoor play area. This is a wonderful addition to the Building Blocks center. As August progresses the school age children will return to public school. Wow, Back to School time is coming soon. Here at the center we will also be continuing are new curriculum for the fall. The children will be learning more new age appropriate developmental, cognitive, social, emotional, and physical skills here at Building Blocks Child Development Center. We are looking forward to a lot of exciting times in our new center and we are very happy to be a part of the AST complex family. Thanks to everyone for your support during the past months as we have settled at the new center.

Come See Us,
Sherrie Reynolds

Acting Director

INFORMATION FROM THE ABSENTEE SHAWNEE TRIBE'S INDIAN CHILD WELFARE DEPARTMENT

There have been several questions asked of the Indian Child Welfare Department that we would like to answer to give a better understanding of Indian Child Welfare (ICW).

WHAT IS ICWA?

The Indian Child Welfare Act (ICWA) is a federal law which sets federal requirements that apply to state custody proceedings involving an Indian child who is a member of or eligible for membership in a federally recognized tribe. It protects the best interest of Indian children and promotes stability and security of Indian tribes and families. ICWA establishes standards for removal of and placement of Indian children in foster care or adoptive homes to prevent the break up of Indian families.

WHEN DOES ICWA APPLY?

ICWA only applies to foster care placement, termination of parental rights, pre-adoptive placement and adoptive placement of Indian Children. ICWA does not apply to divorce proceedings, unless the parental rights are to be terminated, custody proceedings between parents and family including guardianships, or juvenile delinquency proceedings. For example, ICWA may apply if an Indian child is removed from his or her family by the state and placed in foster care.

WHAT CAN I DO IF MY CHILDREN ARE BEING ABUSED?

If there is reason to suspect abuse/neglect of any child, a report to child protective services (CPS) should be made immediately. If the child resides on trust land or on a Reservation then that particular Tribe’s CPS should be contacted. Housing authority houses may or may not be on Trust land. All other homes would be considered to be on state land and the State’s Department of Human Services CPS would need to be contacted and the referral would need to be made through their agency. Tribal CPS CANNOT (solely) investigate suspected abuse/neglect on state land.

WHEN DO I CONTACT INDIAN CHILD WELFARE?

The ICW department is here to assist with cases involving the abuse/neglect/abandonment of an Indian child for that Tribe. You may contact the Absentee Shawnee Tribe’s ICW Department any time you may have a question. If the ICW department is unable to assist you directly, best efforts will be made to refer you to someone who may be able to help.

Foster Parents Needed!!!

Can you open your home and heart for a foster child? Foster parents provide a temporary, safe home for children in crisis. Foster parents are partners with child welfare workers, lawyers and judges. It is not for everyone but if you have it in your heart - we need you.

- Can you love and care for a child who comes from a difficult background?
- Can you help a child develop a sense of belonging?
- Are you secure in yourself & your parenting Skills?
- Can you maintain a positive attitude toward a child's parents?
- Can you love with all your heart & then let go?

FOSTER PARENTS PROVIDE A TEMPORARY, SAFE HOME FOR CHILDREN IN CRISIS. THEY ARE PARTNERS WITH WORKERS, LAWYERS, AND JUDGES. IT IS NOT FOR EVERYONE! CAN YOU OPEN YOUR HOME AND HEART FOR A FOSTER CHILD?

Many children need a loving home and a family to help them through a very tough time. Please think about it and talk with your family before you become a foster home. They all need safe, supportive environments!

If you find yourself and your family interested in Foster Care, please contact Melissa Lopez

August 2010

The Title VI Staff hopes everyone is keeping hydrated and cool this summer.

ABSENTEE SHAWNEE DAY will be in August, TBA, we will not be serving or delivering on this day. We will send a note out when we know something.

Once again would like to remind the homebound that we would like for them to put an ice pack in your ice chest so that it would keep your meal & milk from spoiling. Thank You.

If you have any questions you can call us at 405-275-4030 ext.169.
